

SYMBLE

EARLY YEARS

From street art to Miami Art Basel, the story of Symble

Hailing from humble beginnings, Symble was born in 1983 in south London.

Whilst his brothers played football, a young Symble would spend his time on more artistic pastimes such as painting cartoon characters. At an early age it was clear he had a gift winning a number of local competitions in his primary school days.

Described as a self-taught artist, he has honed his skills over the past 15 years by focussing on his passion for art and dedicating time to his craft. He has received global recognition already travelling internationally to showcase his works.

Beyond this not much is known about the illusive artist we call Symble. If you analyse all photos of Symble you will see one thing: a wish for anonymity. like many artists, Symble uses various methods to shield his image from the public, mainly a mask or a subtly placed hand covering half of his face. Whether this is for personal reasons or to create an air of mysticism, it appears that Symble prefers to let his art do the talking.

INFLUENCE

Very little is known about Symble due to his anonymity, the only clues or guidance for his influence can be ascertained from his work. Described by most as a street artist, his work has elements of mixed media on canvas, stencil work and graffiti. One artist who has influenced Symble is Maurizio Cattelan, who back in 2019 created "The Comedian", a banana duct taped to a wall. It was exhibited at art Basel in Miami. The piece sold for \$120,000 and directly influenced Symble's work titled "Banana Split" which can be seen below. Time will tell as to who Symble's key influencers are as he gains more recognition and his art evolves further. It also remains to be seen whether he will eventually shed his anonymity and come forward like many artists before and reveals who or what influenced him.

RECOGNITION & ACCOLADES

Symble has already gained a large following within the celebrity world. He has commissioned pieces for the likes of Manchester Utd and England International Jesse Lingard and is well documented that acclaimed British artist Banksy has a number of Symble's pieces in his personal collection.

Symble's most notable recognition to date is his appearance at Art Basel Miami in 2019. Symble also conducts solo shows his most notable to date being an exhibition at Boxpark in Croydon also in May 2019.
